

CraneBoard® 6 and 7 are engineered with SOLID CORE™ insulation that gives your home all the performance advantages of *SmartCORE™* intelligent design.

SmartTRACK™ System

Our *SmartCORE™* Insulation breathes naturally. . . moisture vapor evaporates as it passes through the panel. Specially designed *SmartTrack* ridges create an air space for ventilation, allowing moisture to evaporate.

Any excess moisture is guided out through *SmartTrack* engineered channels. *SmartTrack* creates the ultimate moisture management system.

Think outside.

Exceptional design. Enduring appeal.

© 2010 Exterior Portfolio® by Crane.

Beauty meets versatility.

The 7" clapboard plank is the tried-and-true choice for an infinite variety of architectural styles. From the traditional Colonial to the most groundbreaking Contemporary design, **CraneBoard® 7** can be used as both a starting point and an exciting accent. Its expansive, architecturally correct width combines with a perfectly straight, deeply shadowed shape, and hand-milled cedar finish. Add to this design superiority a selection of 17 expressive colors, and it's a distinctive option for any home.

Clean styling makes an extraordinary statement.

Give your home a classic, crisp-looking exterior with **CraneBoard® 6**. It's the 21st century version of a time-tested surface that works in beautiful harmony with accents of stone, shake and board and batten, or can be used to cover an entire façade with smooth integrity. The triple-width, insulated span bridges structural imperfections for a flawless appearance. The milled cedargrain texture, straight face and deep shadows of the 6" profile give your house a solid, authentic presence.

Elements that add immeasurable impact.

Architecture has rhythm and flow. Adding the charm and dimension of rustic, cedargrain **CraneBoard® Board & Batten** to a conventional façade offers a lively change in tempo. It can be the influential element of a number of popular homes styles, from Craftsman to Contemporary. In addition to its exceptional weather resistance and energy savings, as an accent or a theme, CraneBoard Board & Batten brings vitality and interest to design.

Window & Door Trim

Window Crown Molding, Windowsill Lineal, and Integral Window and Door Trim are only available in Aspen White.

Corners

For a decorative 3-piece corner system, combine the corner connector with any of the window styles.

Decorative Trim

Accents to make your home complete.

Distinctive finishing details give a home a final touch of craftsmanship. Depending on the effect you're going for, they can provide clean contrast or matching harmony. **Architectural Essentials™ Accessories** give you a wide selection of architectural accents, from a graceful fluted lineal and a decorative three-piece corner post system to stately crown molding. Most Architectural Essentials Accessories are available in the same gorgeous color options as CraneBoard®. All are engineered to fit smoothly with any CraneBoard design style you choose.

CraneBoard 6, CraneBoard 7 and CraneBoard Board & Batten available in all 17 colors. Architectural Essentials Accessories are available in up to 17 colors depending on the product style.

Exterior Portfolio® by Crane is more than beautiful, long lasting exterior products for your home. We believe in a sustainable future for everyone. For you, this means a home made from environmentally preferred materials. For us, it means cladding products offering benefits such as durability and low maintenance. All of our products provide a long service life that requires no harmful finishes. Because our commitment to the environment stretches from our home to yours, we engineer sustainable benefits into our product development process through innovations such as our **SmartTrack™** moisture management system and our energy-saving, Solid CORE™ insulation.
